

AUDIT AND ASSURANCE SERVICES

A corporate's journey to success is governed by increasingly complex and broadening regulatory requirements. We can assist you meet these demands by providing a timely and constructive challenge to management, a robust and clear perspective to audit regulations, and transparent information to your stakeholders and investors.

We have a professionally managed team with proven expertise in the field of financial accounting and management that has been providing advice to wide range of organizations with respect to complex procedures in a quick, timely and efficient manner. As a firm, we have expert knowledge and extensive experience to help with complex reporting

We provide the following audit & assurance services:

Accounting Compliance and Reporting – We provide accounting and auditing guidance which constitutes valuable insights for audit committees, chief financial officers, controllers, financial reporting groups, and internal audit directors.

Statutory Audit services – Our audit approach, is tailored to suit size and nature of any organization and draws upon our extensive knowledge and talent, understanding of laws, regulations and legislation. Statutory Audits are conducted to report the state of company's finances and accounts to the Government of India. We have an elite team of qualified auditors who are designated to do such audits. The audit reports are prepared strictly in accordance with the rules and regulations defined by the Government agencies.

Fraud Investigation & Dispute Services (Forensic Audit) – We can assist you to manage risk, investigate alleged misconduct & fraud and measure the financial implications of disputes. If an instance of unusual financial activity is suspected, our team can conduct forensic investigations, audits and third party due diligence by leveraging forensic technology to uncover any irregularities, keeping in mind the sensitivity and urgency required.

Internal Audit Service – In the advent of Companies Act 2013, it has become mandatory for various class or classes of companies to appoint an internal auditor. We provide internal audit services adding considerable value to our clients by way of providing recommendations for process improvements. The firm offers wide range of Internal Audit services to manage business risk, provide assurance on control effectiveness, and supports organization in achieving its objectives through good corporate governance.
