

## **DUE DILIGENCES**

Due diligence refers to the process of research and analysis that is done before any acquisition, investment, business partnership or bank loan in order to determine the value of the subject of the due diligence or whether there are any major issues or potential issues. The prospective acquirer / investor should obtain all the necessary information within the predetermined time and make sure that he makes a good deal and not a costly mistake.

Janaswamy's dedicated transaction advisory and due diligence teams can assist with financial, legal, tax and environmental due diligence and business analysis for organizations that are contemplating investments, strategic partnerships, mergers, and acquisitions or that are looking to enhance organizational effectiveness in an existing business unit or portfolio company.

- We conduct due diligences with the only objective to provide valuable due diligence reports and business analyses for our clients, that become an integral component of their decision-making and negotiation in their internal processes.
